

We have two exciting roles available exclusively to our alumni students. They're the perfect opportunity to join our team and continue to be a part of the Gap Medics family!

Brand Ambassador

We're looking for: a charismatic, fun and creative Brand Ambassador to tell the Gap Medics story to thousands of pre-med students via our social media channels. You'll live on our programme in either Croatia or the Dominican Republic, capture everything that is happening and share it with the world.

This is the role for you if: you have an amazing eye for photography, are obsessed with the perfect Instagram grid, are confident in front of the camera and want to spread the word about Gap Medics. You'll need to demonstrate that you have previously grown a significant social media following.

Practicalities: You will live in the Gap Medics house and receive a living allowance plus a performance related bonus. Start date is ASAP with a minimum three-month commitment.

To register your interest: send an example of a post you would do on our Instagram page including the photo, the caption and the hashtags to recruitment@gapmedics.com

Student Experience Coordinator

We're looking for: a super friendly, hard working Coordinator to get stuck in with all aspects of the Gap Medics programme. From helping with housekeeping and catering to introducing new students to the hospitals and showing them the best bits of the local area, you'll make sure they love every minute of their time with us.

This is the role for you if: you're looking for a hugely varied role that combines an opportunity to work abroad with meeting hundreds of new Gap Medics students. You'll need to be organised, hardworking and confident, with a natural flair for outstanding customer service.

Practicalities: We will provide your accommodation and you'll receive a living allowance plus a performance related bonus. Start date is ASAP and you must be able to work until at least 1st September 2019. This is an especially good opportunity for anyone hoping to start a career with Gap Medics.

To register your interest: send a one minute video to recruitment@gapmedics.com explaining why you think you would be the best Student Experience Coordinator. We will also be offering a limited number of seasonal positions from June - September 2019.
